COVER LETTER

Date: March 25, 2023

Dear Hiring Manager,

REMOVE BEFORE SENDING: Make minor changes as needed to tailor to company.

I am excited to apply for the **ROLE** at **COMPANY**. As a highly motivated and result-driven professional with experience in leading teams and delivering successful products, I believe that my skills and experience align perfectly with the requirements of this position.

During my tenure at Google I have worked on cross-functional teams across mobile, backend, and cloud organizations. My work in Android Google Maps saw me collaborating with teams across multiple timezones to deliver significant improvements to developer productivity. More recently, my work in Google Cloud led to my designing the cloud infrastructure and release process for a new Cloud product using Kubernetes.

HAVE 2-3 SENTENCES HERE TALKING ABOUT THE ROLE AND WHAT I CAN BRING TO IT.

I look forward to speaking with you about how I can put my skills to use for your organization. Thank you for considering my application.

Sincerely,

David Dietrich
